

# Safety & Quality

## Occupational Health and Safety

Panthers Tanks, in consultation with its clients safety policies, maintains a strong focus on health and safety across all worksites under the company's control. The health and safety of all personnel working on, or visiting these sites is supported by our commitment to provide appropriate training and supervision as is required to be met by Occupational Health and Safety guidelines.

**Safety is our concern.**

## Quality Management System

Panthers Tanks places great importance on providing a high quality product and professional workmanship. The company is responsible for setting up and maintaining an effective quality management system. All personnel who work on company controlled projects are bound by these requirements. Our dedication and commitment to quality at all stages of a project ensures professionalism and complete customer satisfaction.

**Quality is our concern.**

## Environmental Management System

Panthers Tanks is committed to caring for the environment and providing environmentally safe and sustainable workplace practices. Through training and implementation of environmental strategies we ensure all workers are aware of environmental impacts and responsibilities. Panthers Tanks aims to prevent environmental problems arising through communication, education, information, monitoring and review, leading to ongoing improvement in best practice in environmental management.

**Environment is our concern.**
